PERSONAL STATEMENT

I am an enthusiastic and hardworking individual who is interested in teamworking in a restaurant. Volunteering in the busiest charity shop in the centre of Manchester has given me valuable customer service skills that I believe make me perfect for this role. I worked the till at peak times, helped customers with their requests, and organised stock both on the shop floor and in the storeroom. I would always seek out a new task to accomplish to maintain productivity when I was waiting for new instructions, such as reorganising the stock on the shop floor or socialising with customers.

I have a passion for cooking and recommending recipes to family and friends, and so I would love to work as a server and get to recommend items off the menu to the customers. I enjoy going to different restaurants in the local area, and I feel this insight would help me to relate to the customers and the best food recommendations.

I am often told I have a cheerful disposition, and I get on well with the older generation as well as being able to socialise with those my own age. I attend a monthly sewing group with older people at my local library, where we handmade reusable shopping bags to donate to struggling families. This unique perspective would make me the perfect person to help out customers with their queries, as I am used to conversing with every age group.

EDUCATION

2022-2025

Manchester Metropolitan University

Undergraduate Sound and Music Design (2:1)

- Created original pieces to be performed as a group, which developed my teamworking skills when working with people of different backgrounds and skillsets.
- Developed my communication skills when presenting different ideas to my peers, and developed my punctuality and work ethic.
- Created a website using HTML which reflects my personal branding. (arronware.com)

2019-2022

Grimsby Institute College

- BTEC: Level 1/Level 2 Information and Creative Technology (Double Distinction*)
- T Level: Digital Production, Design and Development (Merit)

2014-2019

Oasis Academy Immingham/The Academy Grimsby

- GCSEs: Triple Science, English Lit/Lang, Mathematics, Film Studies, Computer Science, History
- BTEC: First Award in Creative Digital Media (Merit)

RELEVANT EXPERIENCE

11/24–6/25 **British Heart Foundation, Manchester Piccadilly**

- I learned vital customer service skills whilst working the till and standing by the door to greet customers and check for shoplifters. I also frequently worked below the shop floor organising stock and preparing them to be put on display. Volunteering here developed my teamwork skills and inspired me to pursue further work in the retail sector. I enjoyed meeting the different people who walked through the door of the shop each day, as I am a sociable person.

10/21–03/22 **Boysen B**

- I was tasked with producing websites that aimed to educate on various impacts of climate change. This developed my teamworking skills in a web development context, as the impact calculations I undertook utilised many factors which required group communication. I had to take into account the personal tastes of the clients and learn what certain people preferred.

04/17 **DFDS Seaways**

- I had 2 weeks work experience at DFDS Seaways, where I spent a day with the software developers and with technical support. This required me to be on call with dispatch and configure the new office machines, which has furthered my confidence in communicating and recommending things to customers.

POSITIONS OF RESPONSIBILITY

9/22-6/25 **MMU Film Society Member**

- As I am passionate about film, I regularly attended the university's film society meetings. This has strengthened my communication skills and my ability to converse with new people who share different tastes.
- I started a Photography Society at university that averages 20 members.

INTERESTS AND ACTIVITIES

I am a polite, well-mannered, punctual individual who enjoys meeting people from all walks of life. I spend most of my free time cooking or baking, as well as taking photos, watching a wide range of films and researching music history.
