COVER LETTER

Dear Sparq Hiring Team,

I believe I would be a great candidate for this position as I have extensive experience preparing, testing and checking over equipment in an events context during my time at aps Events & Media.

Health & Safety was also a key priority when loading trucks and lifting heavy cases whilst working for aps.

I have a varied background in the AV/Events industry, working as a Freelance Replay Operator & Camera Operator for sports events, alongside a couple of internships as a MCR Engineer at dock10 and a Technical Operator at Wavecast.

I also live in LS1 4GJ, so right down the road!

Thanks for your consideration,

Arron Ware
